

# Silent Drawer System

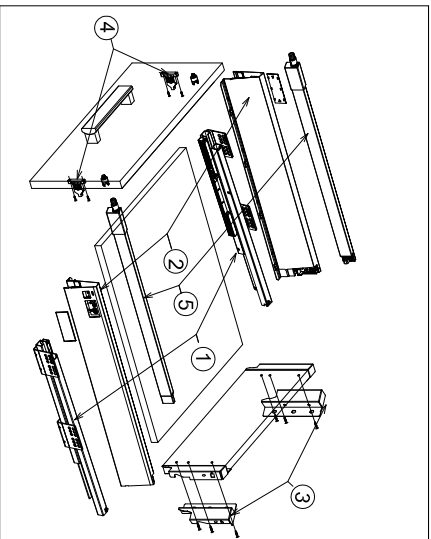

## Modul Box Assembly Instruction

### Special Features:

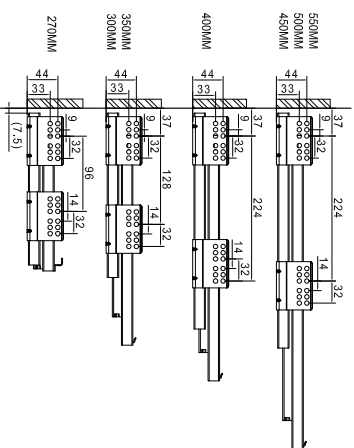

- Length: 270, 300, 350, 400, 450, 500, 550mm.
- The drawer side-board is 89mm high.
- Drawer width can be designed freely with automatic error adjustment.
- Hidden full pull-out slendro sliding skid can bear 30kg and enjoys excellent stability and quiet and smooth sliding performance.
- Quick installation and dismantle.
- Newly-designed built-in damper is free from reinstallation and ensures soft and smooth drawer movements.

| Basic length | Internally usable drawer depth | Minimum installation depth of drawer | Minimum installation height |
|--------------|--------------------------------|--------------------------------------|-----------------------------|
| 270mm        | 244mm                          | 270mm                                | 160mm                       |
| 300mm        | 274mm                          | 300mm                                | 160mm                       |
| 350mm        | 324mm                          | 350mm                                | 160mm                       |
| 400mm        | 374mm                          | 400mm                                | 160mm                       |
| 450mm        | 424mm                          | 450mm                                | 160mm                       |
| 500mm        | 474mm                          | 500mm                                | 160mm                       |
| 550mm        | 524mm                          | 550mm                                | 160mm                       |
