

# Flexi Sliding System

*Silent*

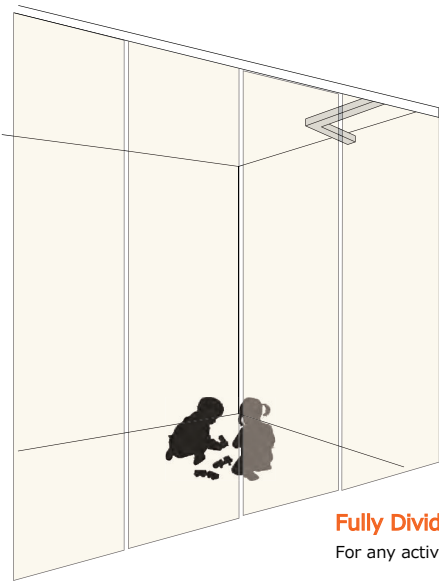

*Smooth*

*Safety*

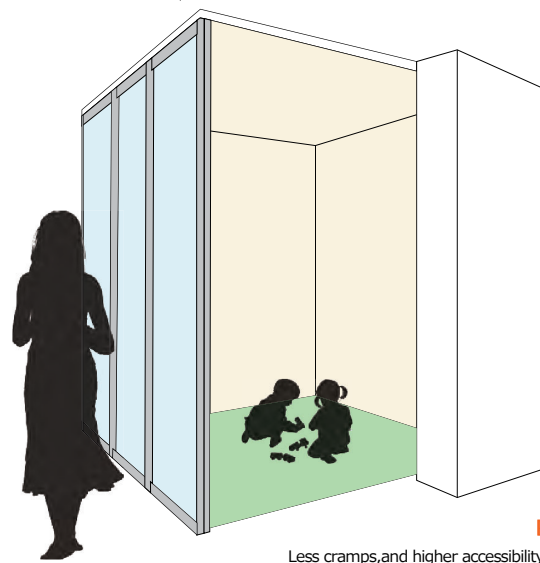

Loading capacity 100KG

- Flexible to create cozy space for different activities at the same time.
- Effectively separate spaces at home to accomplish a variety of needs. It creates small section in a large room, either leaving open for air flow and wider space, or closed-off for privacy.
- With upgraded mechanism, it can load doors with total 100kg for partitioning in a big space e.g. stadium

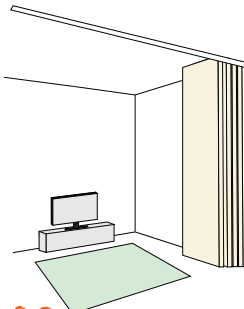

**Fully Divided**  
For any activities with privacy

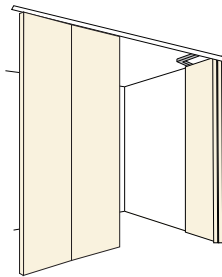

**Partly Divided**  
Less cramps, and higher accessibility while kids playing

## PLAN1 : Parallel Wall

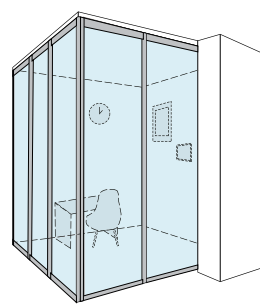

## PLAN2 : Wall Pocket Stowing

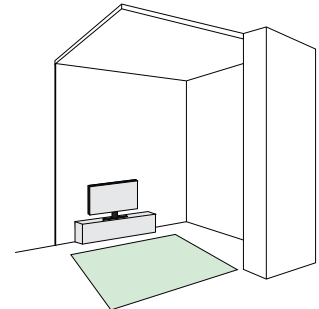

**Left Open**  
Wide living / dining space

**Partial Dividing**  
Hide unsightly area

**Separating Room**  
Sanctuary for multi-purpose

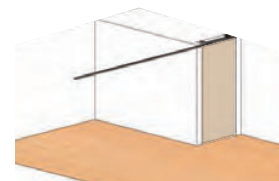

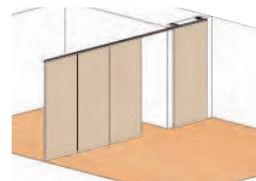

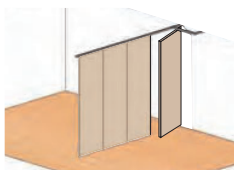

**Stowed in Wall Pocket**  
Open as one big room
